CENTRE FOR HIMALAYAN STUDIES
UNIVERSITY OF NORTH BENGAL

The Centre for Himalayan Studies at the University of North Bengal is delighted to announce the Research Scholar's Workshop on **Research Trends on Eastern Himalaya**. This workshop aims to unite scholars from diverse social science disciplines, fostering collaboration and insightful discussions on the region's multifaceted landscapes. Research scholars from anthropology, sociology, geography, history, literature, linguistics, arts, philosophy, and related fields are invited to share their findings, covering topics such as indigenous knowledge, social dynamics, environmental sustainability, political landscapes, etc. The workshop seeks to illuminate the **Eastern Himalayan research landscapes**, bringing scholars together and also contributing valuable insights for effective policy formulation and sustainable development amidst the **region's environmental shifts**.
