ANNUAL REPORT

2014-2015

1st April 2014 -31st March 2015

PROGRAM COORDINATOR:

Prof. Manosh Chakraborty

University of North Bengal is an educational institution established as per university act of West Bengal and is situated at foot hills of Himalaya of Darjeeling District. The institute providing quality education and research in the part of Eastern India. National Service Scheme has been introduced at the University of North Bengal since 1982. It was introduced as a complement to the academic programs of the University. It has become a part and parcel of the academic system. The major objective ever since has been to involve the students in the society of which they are an integral part. The entire programs of the NSS revolve around the students wherein the NSS volunteers put the students in a single thread in order to implement the NSS objectives. The NSS is a challenging medium for functioning amongst the down trodden section of the society as north Bengal University represents those affiliated colleges which are in majority located in rural areas where majority of the population belongs to Scheduled caste, Scheduled tribe and many other minority communities. To reach this vulnerable section of population and to work for them, the NSS can be a major weapon to curb their destitution.

During this year College units were perform several regular and special camp activities throughout the year under University of North Bengal. Total volunteer enrolled this year about 10,600 in different units of affiliated colleges under the supervision of Program coordinator, University of North Bengal.
